Spookley the Square Pumpkin is a unique pumpkin that delivers a special message of tolerance and kindness that is just right for fall...and any time of the year! Spookley the Square Pumpkin has been embraced by educators and non-profit organizations because his story helps teach about fundamental character values.

- Learn Spookley's story as you walk through the Spookley Corn Maze
- Take pictures with a giant, air-inflated Spookley
- Join Spookley in taking a bullying prevention pledge

The story of Jack and the Cornstalk helps teach kids the importance of a good work ethic. His a-maze-ing story is a great introduction to the Lacombe Corn Maze as well as a variety of agricultural-based subjects. We are happy to provide educators with:

- A discussion guide as well as other educator resources designed for children age pre-K to grade 3
- Colouring pages, mazes, word searches, and other activity sheets
- Follow-up activities to complete in classroom

For Jack and the Cornstalk educational resources and teaching material visit our website.
